TERMS

- 1. Grant.** Ethan Allen Photography ("Licensor") grants the licensee named on the order a non-exclusive (unless category exclusive), non-transferable licence to use the files in the uses listed above, in edited or unedited form.
- 2. Who may use it.** The licensee and its clients, agencies and production partners may use the files for the licensee's project. Each separate end client needs its own licence.
- 3. Not allowed.** Reselling or giving away the files as stock or templates; using them in a trademark or logo; using them in a way that is defamatory, unlawful or suggests that a person or place in the file endorses a product.
- 4. Releases.** Files are landscapes and skies flown from public or permitted vantage points and show no identifiable people. Licensor does not supply property releases; recognisable buildings, if any, are noted on the file page.
- 5. Warranty.** Licensor owns the copyright in every file and has the right to grant this licence. Files were captured in compliance with FAA Part 107.
- 6. Indemnity.** Licensor will defend and indemnify the licensee against third-party claims that a file, used within this licence, infringes copyright, up to the amount paid for that file times ten. This does not cover changes the licensee makes or uses outside this licence.
- 7. Credit.** Credit is appreciated but not required: "Footage: Ethan Allen / The Sky, On Call".
- 8. Duration.** Perpetual, worldwide, for the licensed project and its re-edits. Category exclusivity runs 12 months from the order date.
- 9. Delivery.** All files and this licence are delivered electronically, by download or email. No prints or physical media are supplied.
- 10. Payment.** The licence takes effect when payment is received. Refunds within 14 days if the files have not been used.
- 11. Law.** California law applies.
